

When buying a car:

Never buy a car without a VIR

VIR stands for Vehicle Inspection Report. The report covers ownership history, whether or not the vehicle has been written off in its life, speedo history, current WOF, registration and road user charges status. It also lets you know if there is any financial holding registered against the vehicle or if there is any Police interest in the vehicle. The cost of a comprehensive VIR is currently ###. We highly recommend the comprehensive report and on 2 separate occasions have found money still owed on vehicles that clients were going to purchase. Money well spent. To obtain this report contact us at the workshop with a correct registration number for the vehicle and we can procure the report for you.

Our Promise

If you want a workshop you can trust, the highest quality of repair on almost any vehicle, at a fair rate, your car repaired on time and service with a smile, then choose Pirongia Action Automotive.

Our motto- "We do it all".

Our Guarantee

That we will contact you if more work than anticipated is required.

That we can pick up and drop off your car within a 10km radius.

If we get parts or tyres for a special price, we pass the savings on to you.

To let you know about upcoming future repairs that we come across while working on your car.

If it's not sorted and it's our fault we will fix it at our cost.

Our workmanship.

Message from the crew

The festive season will soon be upon us so please make sure that you book your vehicles for WOFs and service work well in advance to avoid disappointment. Our workshop is entering the busiest time of the year, leading up to Christmas. Don't forget about checking your boat trailers and car trailers before summer hits us to make sure they have a current WOF. We are able to postdate a WOF up to 14 days if it hasn't quite expired so please don't leave it to the last day as we would hate to be in a position where we are unable to fix your vehicle if it needs repairs before the summer holidays. We will be open on normal trading days during the Christmas/ New Year period. We wish you all a safe and festive Christmas Holiday.

Post Fire Update

Thank you again to all our clients whose thoughts have been with us after the Tyre Shop fire, on the 12th October. We are in the process of rebuilding, adding an extension to the back of the main workshop that will house all our tyre equipment, stock and associated tyre machines and wheel alignment equipment. We were very fortunate to be able to replace equipment, consumables and stock within 4 working days of the fire so its BUSINESS AS USUAL in the somewhat cosy tyre area. We expect completion of the new tyre shop before Christmas.

From the ashes we will rise!

Driving Tip

If you've ever had a driving moment, where you might have hit something with your wheels (curb/ bank, pothole, an object on the road) it is a good idea to get your wheel alignment checked to make sure your steering geometry is where it is supposed to be. A good indicator is how your steering wheel is positioned as it should be horizontal through the two side spokes. If it isn't there is a good chance you have a wheel alignment fault which will cause premature tyre wear and increase your fuel consumption. When you have a wheel alignment carried out with Pirongia Action Automotive we will notify you in 12 months for annual wheel alignment check. It is also a good idea to have a wheel alignment carried out when you have new tyres fitted to get the best wear out of them.

For sale/Wanted to buy

Let us know if you have a vehicle for sale or you wish to purchase one. We have recently matched up several cars with new owners. We can also put your For Sale or Vehicle Wanted details on our notice board.

Services Available

LARGER variety of new tyres, mags, puncture repairs, tubes and now full computerised **4 WHEEL ALIGNMENT** service

We have expanded into the workshop in the next building. This area is housing our new wheel alignment equipment and will be set up as The Tyre Shop.

Safe Driving Tip

Over the holidays, with a lot more traffic on the road, be a patient driver. It is better to get to your destination a little bit later, than not at all. Also- keep your windscreen washer bottle filled to keep the bugs off your windscreen. It is a good idea to put a good quality windscreen washer additive into your washer bottle to help clean your windscreen quicker.
