

Our Promise

If you want a workshop you can trust, the highest quality of repair on almost any vehicle, at a fair rate, your car repaired on time and service with a smile, then choose Pirongia Action Automotive.

Our motto- "We do it all".

Our Guarantee

That we will contact you if more work than anticipated is required.

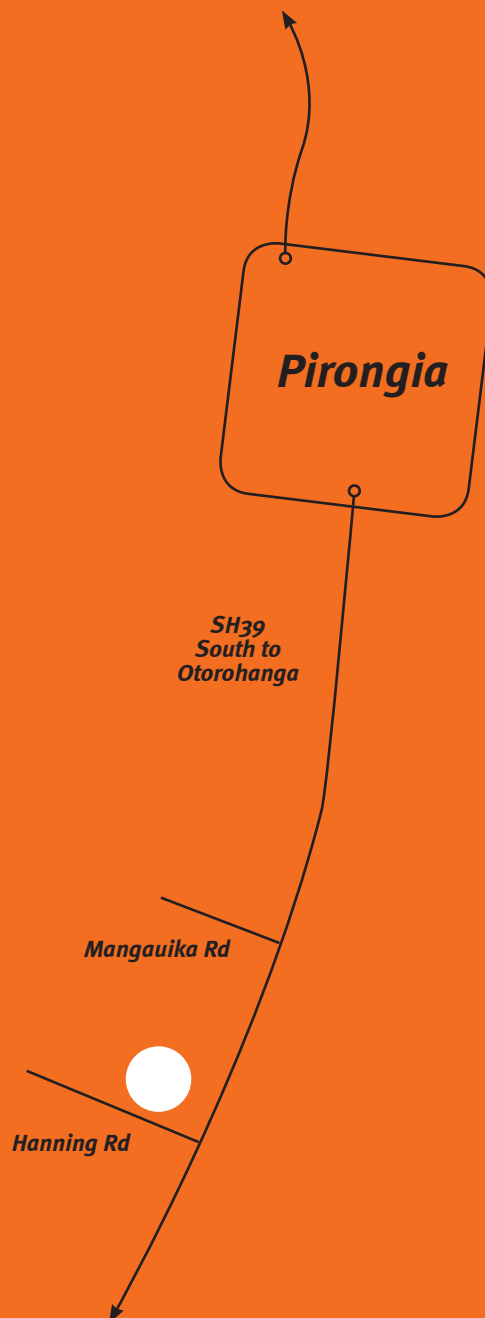

That we can pick up and drop off your car within a 10km radius.

If we get parts or tyres for a special price, we pass the savings on to you.

To let you know about upcoming future repairs that we come across while working on your car.

If it's not sorted and it's our fault we will fix it at our cost.

Our workmanship.

PIRONGIA
ACTION AUTOMOTIVE

Issue #3 Winter 2010

**NEW staff,
NEW workshop,
NEW services
available!!!**

Please read on to find out about the changes we've had over the last few months.

Ph 07 871 9091

Message from the crew

Sadly we have lost Michael, our newly qualified technician, to the lure of the warmer, drier (parched?!!) climate of Aussie. However, we have employed 2 fantastic, qualified team members- James and Hayden, who have already proven to be an asset to our Pirongia Action Automotive family. Thanks, guys for hitting the ground running...fast. We'll enjoy introducing you all to James and Hayden.

Who's who at Pirongia Action Automotive

Grant & Colette Burr
Business Directors

Sara Breyley
Administration Manager

James Hebbend
Service Manager

Robert McWha
Head technician

Thom Hesketh
Technician

Hayden Lind
Technician

Seasonal Driving Tip

SEASONAL DRIVING TIP: With winter driving conditions being as they are, please ensure your tyres are up to standard- that is, 2mm or preferably more tread depth, running correct tyre pressures and correct wheel alignment. On a wet road you need everything working in your favour to ensure the best possible safety for your family.

REMEMBER: For ALL your tyre needs contact Pirongia Action Automotive

LARGER variety of new tyres, mags, puncture repairs, tubes and now full computerised **4 WHEEL ALIGNMENT** service

We have expanded into the workshop in the next building. This area is housing our new wheel alignment equipment and will be set up as The Tyre Shop.

Services Available

- WOFs
- LARGER range of Tyres at very competitive prices
- NEW Computerised full 4 Wheel Alignment service
- Batteries- we have really good batteries...and better batteries
- Same day Vehicle Servicing
- NEW Diagnostic scanning equipment- to help identify electrical faults
- Tractor servicing & repairs- we can come to you
- Motorbike servicing & repairs- by a qualified bike technician
- Light Engineering- ask us about trailer repairs, farm gates, farm equipment
- On-site (farm) engineering/ welding- to check & repair all your farm machinery, cowshed pipework and gates or modify your cowshed yards to improve cowflow
- Automatic transmission servicing- prolongs the life of your transmission, saving you \$\$\$\$
- Air conditioning checks & servicing by mobile specialist- to keep you cool in summer
- Pre-purchase inspections- to highlight any hidden surprises
- Vehicle inspection reports- to identify if any finance is owed on the vehicle
- Child car seat checks and installation including anchor bolts & tether straps- to keep your little ones safe in your vehicle

Winter Safety

Winter is upon us and the last thing we want for our clients is to be broken down on a cold winter's night, on the side of the road.

- Tyres- bring your car in to check your tyres and make sure they are up to standard for your family's safety.
- Wheel alignments- when we check your tyres we can do a visual assessment of your wheel alignment to ensure your tyres are wearing at their optimum. We recommend at least an annual wheel alignment check to get the best value from your tyres.
- Cooling system inhibitor (commonly known as antifreeze)- protects your engine from freezing in sub zero weather. Did you know it helps to protect your rubber hoses and water pump seal? It also raises the boiling point of your coolant for summer driving and also helps to keep your radiator core clean.
- Air conditioning/ heater system- your A/C should be used to quickly defog your windscreen. If your heater isn't as hot as it once was you could have a faulty thermostat. On modern fuel injected engines it is imperative that your engine operates at the correct temperature to get the best fuel economy from your vehicle.
- General light check and condition of your polycarbonate headlight lenses- UV rays deteriorate the polycarbonate head light lenses on most modern cars. These head lights can be very expensive to replace. We can polish your head lights to get better distance and

beam focus from your headlights to improve your safety when driving at night.

- Monitoring your timing belt replacement interval- not all timing belts have the same replacement interval. Not all timing belts are replaced at 100,000km. We have a very good computer program that we can check recommended replacement intervals for your vehicle to prevent costly engine damage should your timing belt break.
- If your ABS light is on, your Antilock Braking System might not operate in a hard braking situation. Did you know that if you had a minor fault in your ABS system your ABS system might not work at all when required? We can carry out a diagnostic scan on most vehicles and let you know what is required to rectify your fault
- If your airbag or SRS light is on your airbags might not work in a crash situation- warning lights are there for a reason. We can carry out a diagnostic scan on most vehicles and let you know what is required to rectify your fault. We now have diagnostic scanning equipment that suits most vehicles so we can scan your vehicles for most types of electrical faults.
- Is your battery starting your car as efficiently as it could? Don't wait for frosty mornings to find out if your battery is not up to it. If your battery is fully charged we can test its starting capacity. We carry an extensive range of car batteries in 2 standards – high quality and very high quality. Most of our very high quality automotive batteries carry a 3 year nationwide dealer warranty.

Safe Driving Everyone

Please be extra careful on the roads during winter. We urge you to be patient drivers and to undertake your passing manoeuvres safely- DON'T TAKE UNNECESSARY RISKS!

In foggy conditions don't drive with your park lights on- TURN YOUR HEADLIGHTS ON.

For sale/Wanted to buy

Let us know if you have a vehicle for sale or you wish to purchase one. We have recently matched up several cars with new owners. We can also put your For Sale or Vehicle Wanted details on our notice board.
